**Step 1: Choose your layout. Please circle one.**

**Step 2: Submission.**

**Directions for Submission NOTE: YOU CANNOT E-MAIL YOUR SUBMISSION**

- Type your message in a Microsoft Word file. If you need ideas, look at last year's yearbook. This year's are the same.
- Choose photos (see the layout above).
  - All photos must be digital (JPEG or TIFF only). You can scan hard-copy photos at Kinkos or Target. We need original digital files and will NOT accept photos in Microsoft Word. We will return your ad and you will lose your spot.
  - Photos must be equivalent to the sizes in the layout. For example, do not submit three horizontal photos for the Silver layout.
  - Save photos with appropriate numbers (see layout above)
- Save both the text and digital photos on a CD. Drag the folder (of text and photos) over the CD icon. Hit "write these files" to CD. Double click to make sure they are there. You're done!
- The yearbook staff will place your text and photos in the yearbook layout.

If you'd prefer, you can create your own ad in the exact dimensions, but it MUST be saved as a JPEG file (not in Microsoft Word).
