STRATEGIES TO HELP YOUR 9TH GRADER RAISE HIS/HER GRADES

*Since your child has entered 9th grade,
have you asked yourself---*

- How much homework should my child be doing?
- How involved should I be in the homework process?
- How can I motivate my child?
- What ground rules are appropriate for high school students?

**These and many other questions
will be answered by school counselors
at Freshman Parent Night.**
