## Mustang Families,

This week, we have our movie night on Wednesday (information included later in this newsletter) as well as our Fall Recess Day on Thursday. Friday will be a regular school day with a home football game. The game on Friday will be our Heroes game, and we encourage all fans in attendance to wear Red, White, and Blue.

We are also opening our learning center on Monday, 9/13 for students. This center, located in our library, will be staffed in order for students to seek academic and organizational support at various times of the day.

Next week, on September 23rd, we will be hosting our Back to School Night. This event is only for parent/guardians to attend. We also ask you to limit your attendance to one per household. More details can be found in this week's newsletter.

Next week is also our Homecoming week, with the theme of Jumanji. We are excited to have a full week of spirit and fun events prior to the football game Friday and dance on Saturday. Have a wonderful week,

### Mission Viejo

## Community of Character

### Responsibility

**Responsibility** is the quality of being able to fulfill duties or tasks. **Responsibility** involves knowing what is expected of you and doing it! Often the tasks are specific requirements, such as requests from parents, employers, or teachers. But **responsibility** also involves having an intuition or sense of what needs to be done and then taking the initiative to do it. The word "response" means "answer." Thus, to be responsible is to be able to answer—to be "answerable" or accountable. **Responsibility** also includes being trustworthy, dependable, reliable, proactive, and being able to plan ahead.

**Responsibility** is a life skill, which does not come naturally, but can be taught and instilled in children through training and practice! When we train our children to become responsible individuals, we are helping them toward maturity. **Responsibility** isn't just completing a task; it is also an attitude, the idea of taking action and being proud of doing it yourself.

Although we cannot always control what happens to us in our lives, we absolutely can control our response to every circumstance. As Charles Swindoll states, "Life is 10% what happens to us and 90% how we respond." We can choose our attitudes and how we respond to situations. We can be in control! When we realize that we can choose our reactions to life situations, we avoid blaming others or circumstances for what happens to us and we are empowered to seize the initiative and think about solutions and options.

We can shape and transform our lives by taking complete responsibility for our actions, successes and failures, as well as choosing how we will respond to circumstances. Responsible people do what needs to be done, fulfill their commitments, and are proactive in life rather than reactive.

Former Secretary of Education and author William J. Bennett states in *The Book of Virtues*, "Responsible individuals are mature people who have taken charge of themselves and their conduct, who own their actions and own up to them—who answer for them." Bennett suggests that we can help to cultivate **responsibility** in our children through practice and by example.

Og Mandino, author of *The Greatest Salesman in the World* states, "Always do your best. What you plant now, you will harvest later."

This Aesop fable, *The Ant and the Grasshopper*, provides a good illustration of **responsibility**. The ants are proactive; they know what is expected of themselves and they do it. They plan ahead! The Grasshopper lives for the moment and expects a "free lunch." He must bear the consequences of his irresponsibility.

#### *The Ant and the Grasshopper*

An Aesop's Fable on **Responsibility**  
In a field one summer's day a Grasshopper was hopping about, chirping and singing to its heart's content. An Ant passed by, bearing along with great toil an ear of corn he was taking to the nest. "Why not come and chat with me," said the Grasshopper, "instead of toiling and moiling in that way?"

"I am helping to lay up food for the winter," said the Ant, "and recommend you to do the same."

"Why bother about winter?" said the Grasshopper; we have got plenty of food at present." But the Ant went on its way and continued its toil. When the winter came the Grasshopper had no food and found itself dying of hunger, while it saw the ants distributing every day corn and grain from the stores they had collected in the summer. Then the Grasshopper knew:

*It is best to prepare for the days of necessity.*

## Impact your student's education through THHS PTSA

The Mission of the THHS PTSA is to be a voice for our students, enhance the educational experience for all THHS students, faculty and staff, and to provide educational, safe and entertaining programs.

### Funding

The operating budget for all of the items PTSA funds must be replenished yearly (this equates to about \$20 per student per year). Just some of the items PTSA funds at Trabuco Hills include: College Fair, Reflections, Senior Scholarships, Parent & Student Education, Teacher Mini Grants, Teacher Appreciation, Assemblies, Emergency Kits, and so much more! Donations are also welcome.

### Membership

As a PTSA member, parents and students have the ability to vote on what programs will be provided to our students, how funds will be spent on our campus, have a voice in our community and be represented regarding state and national education decisions. Your membership dues will ensure our ability to maintain a PTSA on our campus.

### Volunteering

Volunteering on campus or holding an office is entirely separate from membership. Being a member of PTSA does not mean you are signing up to volunteer. However, new ideas and volunteers are always welcome and much appreciated. Members and nonmembers are essential volunteers for many events during the year. Please read the PTSA newsletter for ways you can volunteer.

**Dear SVUSD Community,**

**The California Department of Public Health (CDPH) released updated COVID-19 Public Health Guidance for K-12 Schools in California, 2021-22 School Year. This update provided recommendations and requirements for school-based extracurricular activities and further clarified modified quarantine recommendations.**

**Effective immediately, masks are required for all persons while playing all indoor sports, unless wearing a mask during play has been determined to pose a choking hazard by a well-recognized health authority, such as the American Academy of Pediatrics. For sports where wearing a mask during play has been determined to pose a choking hazard, we are required to conduct these activities outdoors or perform at least weekly screening testing with either PCR testing (1:1 or pooled PCR) or antigen testing of all individuals, including those who are fully vaccinated. Per the CIF statement released this morning, we have identified the sports of wrestling and competitive cheer that may be required to test weekly as the other sports mentioned are traditionally participating outdoors. More details will be provided related to testing procedures and protocols in the upcoming weeks. Schools must be in compliance with the required weekly testing no later than September 27, 2021.**

**Furthermore, the CDPH update along with clarification from the Orange County Health Care Agency (OCHCA) mandates a student identified as a close contact to have no participation in extracurricular activities at school, including sports, and activities within the community setting for 14 days following the last exposure.**

**CDPH will continue to assess conditions on an ongoing basis, and will determine no later than November 1, 2021, whether to update mask requirements or recommendations.**

**Thank you for your partnership and support.**
