Linda Vista Magnet Elementary School

International Baccalaureate Primary Years Program

Mission

We empower each and every student to reach their unique potential and support them with rigorous education guiding them to be active members of an ever-changing global society.

Vision

Linda Vista Magnet Elementary encourages a diverse multicultural and intercultural community to advance equitable outcomes. We celebrate humanity. We inspire curiosity. We enact positive change.

Benefits of an IB Education

- ~ Develop internationally minded students
- ~ Inquiry based and student centered approach to education
- ~ Emphasize how students are active participants in their own learning, with opportunities to explore their interests and take action in their communities
- ~ Collaborative and flexible learning environment that fosters creativity, critical thinking, and problem solving
- ~ IB Exhibition - a culminating project where students demonstrate their learning through an in-depth inquiry into a real-world issue which prepares them for the DYP at the high school level if they choose to continue IB
