SVUSD Athletics Guidance Update: The California Department of Public Health (CDPH) released [updated guidance related to Outdoor and Indoor Youth and Recreational Sports](#). This update allows for the return to competition for some sports sooner than previously permitted, provided that specific health and safety criteria is met. This newest guidance is encouraging for our student athletes and we are currently reviewing the updates in depth. Additionally, we are collaborating with our athletics staff to develop a comprehensive understanding of the impact this guidance will have on athletic practices and competitions within SVUSD. We appreciate your patience as we review these latest updates and will provide you with additional information as soon as it's available.
