### Summer School

Summer School applications are available! Depending on the academic needs of the student, high school students have different summer school program opportunities for credit recovery, continued engagement and, under certain conditions, original credit.

Because each program is unique, it is recommended that you contact your School Counselor to determine which program and course(s) you need to enroll. Summer School Information can be found [HERE](#).

## SOCIAL EMOTIONAL LEARNING

### May is Mental Health Awareness Month

1 in 5 teens live with a mental health condition and less than half are receiving the support that they need. Parents, youth, and mental health professionals will come together on **May 10th from 6:30pm–8pm** to talk about mental health and increase awareness and support for youth. This no-cost event will be held at the Ocean Institute in Dana Point. Panels will be facilitated in English and Spanish. Refreshments and childcare provided for families with younger children. Suggested age for this discussion is 12 years and up.
