

**NOTICE OF IMMUNIZATION REQUIREMENTS FOR ADMISSION -
FIRST TIME ENROLLED IN SVUSD.**

Dear Parents/Guardian:

Per California School Immunization Law your child must have all required immunizations *before* they enter school in SVUSD. A detailed list of the Immunizations required for attending school are noted on the attached "the Parents Guide to Immunizations Required for School Entry" Cal Imm 222 (rev 01/16). (California Health & Safety Codes 12035-120375, and California Ed Code Section 6000 – 6035.).

Under a new law known as SB 277, beginning January 1, 2016 exemptions based on personal beliefs, including religious beliefs, will no longer be an option for the vaccines that are currently required for entry into child care or school in California.

You need to do one of the following:

1. If your child has already received the immunization(s) required, bring the record to the school so they can update their files. Your child's record must include a date for the immunization and the doctor's signature or stamp.
 2. If your child's has not received the immunization(s) Take this form to your doctor or the local health department, along with your child's yellow California Immunization Record to get the needed immunization(s). Then bring your child's updated immunization record directly to the school.
 3. If any immunizations were not given to your child because of medical reasons, please bring us a letter signed and stamped by your doctor, listing the medical reasons why your child can not have the immunizations. If the condition is temporary, the doctor's letter must state when the exemption will expire.
 4. If additional required doses are due later, the children may be admitted conditionally. "Conditional Admission" is admission based upon either documentation of having received some but not all required immunizations, and the student is **NOT CURRENTLY DUE** for any doses at the time of admission.
 - a. If a child has not received any dose of a required vaccine, a first dose **MUST** be received prior to admission.
 - b. The parent or guardian is then notified of the date by which the pupil must complete all the required immunizations.
 - c. Continued attendance after a Conditional Admission is contingent upon receipt of the remaining required immunizations by the date required.
- ❖ **A conditionally admitted student may be excluded from school, until there is no threat of exposure** if there is an outbreak in the school to a disease that they are not completely immunized for, or if they are exposed to a disease that they are not completely immunized against.

According to state law, your child can not be allowed to attend school /child care unless we receive evidence the above requirements **before your child attends school.**

For more information on school immunization requirements, visit www.shotsforschool.org. If you have any questions or require additional information, please call _____.

Sincerely,

Saddleback Valley Unified School District
