

Annual Notification To Parents/Guardians 2020-2021

August 2020

Dear Parents/Guardians:

Welcome to the new school year, especially after our unusual Spring! The Saddleback Valley Unified School District is proud of the accomplishments and quality of our fine schools and we appreciate partnering with you to help all of our students reach their fullest academic potential and prepare for a successful future.

An important factor in student achievement is the support and direction that parents give to their children. A partnership where the parent supports the learning environment offers the best opportunity for your child to succeed. Your support of your student during distance learning exemplified how students can be successful when the partnership between school and home is strong. We urge you to become informed about all of your child's activities at school. Information provided in this booklet was developed for parents/guardians of students enrolled in our schools as a reference guide of rights and responsibilities. Thank you for taking the time to read this important information. After reviewing the annual notification, your signature on the Data Confirmation page is an acknowledgment that you have received the notice and have been informed of your rights.

The Board of Education also encourages daily attendance and positive behavior, so we particularly ask that you review with your child the District's requirements in these areas. You may access additional District information by visiting our website.

We value communication and engagement with our entire community and are committed to sharing the great things happening in SVUSD through social media (Facebook-@SaddlebackValleyUSD, Instagram-saddlebackvalleyusd, and Twitter-@SVUSDSchools) and District newsletters. Please follow us on social media and join our listserve to receive our SVUSD newsletter by visiting our website and clicking on the social media and newsletter icons.

Thank you for supporting our schools and our Saddleback Valley USD community. We wish your child great success this coming year, and we will make every effort to be an active partner with you in your child's education.

Sincerely,

Crystal Turner, Ed.D.

District programs and activities shall be free from discrimination based on gender, race, color, religion, ancestry, national origin, ethnic group identification, marital or parental status, physical or mental disability, immigration status, gender identity or expression, sexual orientation or genetic information; the perception of one or more of such characteristics; or association with a person or group with one or more of these actual or perceived characteristics. The District shall promote programs which ensure that discriminatory practices are eliminated in all district activities. Your child has the right to a free public education, regardless of immigration status. Further information regarding "Know Your Educational Rights" related to immigration can be found under the Annual Notification to Parents tab on our website. Additional resources for immigrant students and family members developed by the California Attorney General are accessible at <http://oag.ca.gov/immigrant/rights>. The District will take steps to assure that the lack of English will not be a barrier to admissions and participation in District programs. Complaints alleging noncompliance with the District's policy of nondiscrimination should be directed to the Student Services Department. A copy of the District's nondiscrimination policy is available from the District office. [BP 0410, BP 5145.13]

B. Married, Pregnant, Parenting

Married, pregnant and parenting students shall have the same educational and extracurricular opportunities as all students. An educational institution shall not exclude or deny any student from any educational program or activity including class or extracurricular activity solely on the basis of a student's pregnancy, childbirth, false pregnancy, termination or pregnancy or recovery therefrom. Expecting and parenting students retain the right to participate in any comprehensive school or educational alternative programs for which they would otherwise be eligible. [BP 5146]

A pregnant or parenting student is entitled to eight weeks of parental leave from school, as specified, but is not required to take all or part of the leave. Absences taken for parental leave shall be excused absences until the student is able to return to school. A student will not be penalized academically for leave taken and is entitled to opportunities to make up work missed during his/her leave, including makeup work plans and reenrollment in courses. The Superintendent or designee shall ensure that disabled students have access, to the extent possible, to extracurricular and cocurricular activities, student organizations and school-related social events, regardless of the severity or nature of their disabilities. [BP 6145]

D. Sexual Harassment

The District is committed to maintaining a school environment that is free from harassment and/or bullying based on gender, gender identity, or gender expression. The Board prohibits sexual harassment of any student by another student, an employee or other person, at school or at a school-sponsored or school-related activity. The Board shall abide by all state attendance laws and may use appropriate legal means to correct the problems of excessive absence or truancy. Parents/guardians of children aged six to eighteen are obligated to send their children to school unless otherwise provided by law (available in student handbooks and/or on school websites) that addresses absences, trancies and tardies [BP 5113]. The Board shall abide by all state attendance laws and may use appropriate legal means (School Attendance Review Board – SARB) to correct the problems of excessive absence or truancy [BP 5113]. Parents are reminded that schools are funded based on student attendance. For each student absence, regardless of the reason, there is a reduction in funding of approximately \$60 per day. C. Unexcused Absences/Truancy

The District participates in the county school attendance review board as allowed by law in order to meet the special needs of students with school attendance or school behavior problems. [EC 48263]

Students who are habitual truants may be referred to the county probation department, as follows:

E.C. 48260 (a) Any student subject to compulsory full-time education or to compulsory continuation education who is absent from school without a valid excuse three full days in one school year, or tardy or absent for more than any 30 minute period during the school day without a valid excuse on three occasions in one school year, or any combination thereof, is a truant and shall be report to the attendance supervisor or to the superintendent of the school district.

When the student's attendance problems cannot be resolved through school site interventions and/or the student and parent/guardian have failed to respond to directives to correct the problem, a student who has been classified as truant may be referred to the district attorney or probation officer for truancy mediation, or to the School Attendance Review Board (SARB), or the student's probation officer may ask the County Superintendent of Schools to request a juvenile court petition on behalf of the student. The driving privileges of a student l may be suspended or restricted [VC 13202.7, BP 5113, AR 5113.1].

D. Saturday School Absence Recovery

With parent permission, Saturday School may be used to recover lost funding as a result of a full day student absence. Therefore, the District would like to credit a student's Saturday School assignment against a previous all-day absence. Unless we are notified otherwise, your receipt of this notification will serve as parental permission for your student to attend Saturday School as an absence "makeup day" to address truanacies a

E. Make-up Work – Excused and Unexcused Absences

No student may have his or her grade reduced or lose academic credit for any excused absences if missed assignments and tests can reasonably be provided and are satisfactorily completed within a reasonable period of time. [EC 48980(j), 48205]

A student's grades may be affected by excessive unexcused absences in accordance with Board Policy. [BP 5113, AR 6154]

F. Instruction for Students with Temporary Disabilities

If your child has a temporary disability preventing him/her from attending school on a regular basis, the District will provide "home hospital" instruction, or an independent study contract, when possible and appropriate. [EC 48206.3, 48980(b)]

If, due to a temporary disability, your child is in a hospital or other residential health facility which is located outside your school district, he/she shall be deemed a resident of the school district in which the hospital is located. If this situation should arise, you should notify both the district where you reside and where the hospital is located so that individualized instruction, if possible, can be provided. [EC 48207, 48208, 48206.3, 48980, AR 6183]

If your child is well enough to return to school during the school year in which individual instruction began, he/she must be allowed to return to the school that he/she attended prior to receiving individual instruction. Individual instruction in your home must commence no later than five working days after the district determines your child shall receive this instruction. [EC 48206.3, 48207.3, 48207.5]

G. Homeless Liaison

Homeless students are entitled to certain protections under the McKinney-Vento Act. Education code requires the District liaison for homeless youth to ensure that public notice of their educational rights is disseminated in schools. For information contact Student Services at (949) 580-3492. [EC 48850, 48852.5]

H. Minimum Days/ Student Free Days

The dates for minimum days and student-free staff development days are printed in the calendar in this booklet. [EC 48980(c), BP 6111]

III. SCHOOL OPTIONS/RESIDENCY/CHOICE/TRANSFERS

Many districts accept the transfer of students residing outside the District's attendance area. It is the intent of the Legislature that the board of each district annually review the enrollment options available to students within

their districts and that the districts strive to make available enrollment options that meet the diverse needs, potential, and interests of California students. [EC 48301, 48308, 48314, 48980(h), BP 5116.1, AR 5116.1]

A. Establishing Residency

Students who live in the attendance area of a school must be given priority to attend that school over students who do not live the school's attendance area. Reasonable evidence of residency for a student is established by two forms of documentation showing the name and address of the parent/guardian including: Property tax payment receipts, rental property contract, lease, or payment receipts; utility service contract, statement, or payment receipts; pay stubs; correspondence from a government agency. If a student moves out of the attendance boundary of the school he/she is attending, but within the SVUSD boundaries, the parent/guardian must fill out a Residence Verification Form. [EC 48204, AR 5111.1]

B. Intra/Inter-District Transfer Procedures

The Saddleback Valley Unified School District has established Intra/Inter-District School Transfer procedures to consider school transfer requests. All transfer requests are subject to space availability. **Students who reside in SVUSD and apply through the "School Choice Intra-District Transfer" process will be given priority over Inter-District transfer applicants.** The School Choice Intra-District Transfer process uses certain rules in determining which students are offered the option to attend a school of choice. When there are more requests to attend a school than there are openings, the selection process will be random and unbiased. Students are not guaranteed placement at a non-resident school. It should be noted that the "No Child Left Behind Act of 2001" has established enrollment priorities in two categories.

1. If while on school grounds a student becomes a victim of a violent criminal offense, as defined by the State Board of Education, or attends a school designated by the California Department of Education as persistently dangerous, he/she shall be provided an option to transfer to another district school or charter school. [PL 107-110, Section 9532]

In addition, if a student has been determined by personnel of the district of residence to have been the victim of an act of bullying, as defined in subdivision (r) of Section 48900 of the Ed Code, committed by a student of the district of residence shall, at the request of the person having legal custody of the student, be given priority for inter-district attendance under any existing inter-district attendance agreement or, in the absence of an agreement, be given additional consideration for the creation of an inter-district attendance agreement

Once a transfer is granted, with the exception of the two paragraphs described above, the parent is responsible for transportation. Childcare facilities, such as TLC, are not guaranteed. It is the intent of the school administration that a student is granted the transfer through the level of that school (elementary, intermediate or high school) pending space availability or unless specified by the Principal. **When a student transitions from elementary to intermediate or intermediate to high school, the School Choice Intra-District Transfer process or Inter-District transfer application must be completed. The student's school of residence determines the student's next school placement between either grades 6th to 7th or grades 8th to 9th, not the school he/she is attending.** School Choice Intra-District Transfer forms cannot be faxed, emailed or mailed. School Choice Intra-District Transfer forms are available during specific timelines that are advertised and posted on the SVUSD Website. Inter-District Transfer forms are available online on the SVUSD website. [EC 48301, 48308, 48311, BP 5117, AR 5117]

C. Inter-District Transfers (from Other Districts to SVUSD)

Students who reside in another school district and wish to attend school in SVUSD will be given every consideration based on space and staffing availability. Transportation is the parent's responsibility. Childcare, such as TLC, is not guaranteed.

If a student wishes to attend a school in SVUSD, the parent must first apply for an Inter-District transfer from their district of residence. **Transfers must be renewed annually in grades K-10; 11th and 12th grade students may continue in their schools of attendance.**

A request for a school transfer during the transition from one level to another (elementary to intermediate, and intermediate to high school) is considered each year based on space and staffing availability and not the student's school of attendance). [BP 5117, AR 5117]

D. Inter-District Transfers (to Other Districts from SVUSD)

An Inter-District transfer request form must be initiated at SVUSD offices. **All requests for transfer require support documentation and must meet SVUSD board policy guidelines.** If the Inter-District transfer meets board policy guidelines and includes all support documentation, the transfer is forwarded to the requested district and it is the decision of the receiving school district to accept or deny the application. [BP 5117, AR 5117]

The receiving school district will notify the parents of new students if they have been accepted. If the requested District denies the transfer, SVUSD will send a denial letter.

E. Inter-District Transfer Conditions

The Inter-District transfer process applies to those parents who wish their children to attend school in a district other than that in which they reside. All Inter-District transfer requests must be initiated in the district of residence. Inter-District transfers are valid for one year only and must be renewed annually in grades K-10. 11th and 12th grade students may continue in their schools of attendance.

When a student's residence is changed, the parent or guardian shall notify the school of the change in residence. An approved Inter-District transfer must be in effect between the district of residence and the school district of desired attendance before a student can attend the desired school. Transportation, if needed, shall be the responsibility of the parent/guardian. Childcare, if needed, shall be the responsibility of the parent/guardian.

Students admitted to SVUSD under the Inter-District transfer process shall be assigned to schools where space is available at the discretion and determination of SVUSD administration.

All students and schools are subject to all California Interscholastic Federation (CIF) athletic eligibility rules and regulations. Approved transfers should not be understood to mean that any CIF rules or regulations have been waived. A student, parent, or guardian found to have given a false address and/or other pertinent data as a basis for enrollment in any school in the district shall have the transfer revoked. The revocation shall be immediate and notice promptly given to the student and parent/guardian.

If the attendance, behavior and scholarship of the student are reviewed and any, or all, are found to be unsatisfactory, as determined by school administration, the transfer may be revoked.

Once an Inter-District transfer request is received, SVUSD will send their final decision in writing within 30 days. If the request has been denied, you have the opportunity to appeal the decision to Orange County Department of Education (OCDE) within 30-calendar days. [EC 46600, 46603]

SVUSD reserves the right to deny transfer requests or release students for the following reasons: adverse impact on ethnic balance; insufficient state aid; lack of documentation confirming employment within the identified district; lack of documentation confirming child care provider information which must include name of child care provider, address, telephone number, and hours of child care provided; lack of facilities either district wide or in a specific attendance area/school; lack of suitable or impacted special education programs; student history of unsatisfactory attendance; discipline or scholarship. [EC 46600, 46601, BP 5117, AR 5117]

F. Attendance Where Caregiver Resides

If your child lives in the home of a caregiving adult, as defined by law, your child may attend the school District in which that residence is located. Execution of an affidavit under penalty of perjury pursuant to the Family Code by the caregiving adult is required to determine that your child lives in the caregiver's home. [EC 48204, AR 5111.1]

G. Financial Conditions

Inter-District attendance agreements shall be non-tuition unless Federal Impact Aid is involved. Under a non-tuition agreement, the financial apportionment for regular education students shall be credited to the district of attendance and not the district of residence.

H. Special Education Students

With regard to Inter-District transfers of special education programs, funding agreements between districts shall be in accordance with the AB 602 funding model. This transfer does not authorize release of Special Education funds to the receiving District from SVUSD, unless done via an IEP.

IV. ACCREDITED SCHOOLS/ALTERNATIVE SCHOOLS

A. Academic Credit Reciprocity/Transfers from Accredited Schools

Students transferring into SVUSD from a high school accredited from the Accrediting Commission for Schools (ACS) shall receive appropriate academic credit for previously completed courses when the sending district verifies that the student has satisfactorily completed those courses. The District will evaluate all coursework and credits granted by the accredited high school and make an individual determination on how those credits will be applied to SVUSD's graduation requirements.

B. Academic Credit Reciprocity/Transfers from Non-Accredited Schools

Students transferring into the District (SVUSD) from a non-accredited school *will not receive credit* for work completed at that institution.

An "accredited" school is one that has received accreditation by the Accrediting Commission for Schools, Western Association of Schools and Colleges (ACS WASC) or one of the other five regional associations that accredit public and private schools, colleges and universities in the United States, or in the case of a school outside of the United States, by the equivalent governmental accrediting agency in that jurisdiction. [EC 51003]

C. Notice of Alternative Schools

California state law authorizes all school districts to provide for alternative schools. The Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to: (a) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy. (b) Recognize that the best learning takes place when the student learns because of his desire to learn. (c) Maintain a learning situation maximizing student self-motivation and encouraging the student in his own time to follow his own interests. These interests may be conceived by him totally and independently or may result in whole or in part from a presentation by his teachers of choices of learning projects. (d) Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process. (e) Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, student, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this District, and the principal of the alternative schools have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district. [EC 58500, 58501, BP 6181, AR 6181]

V. STUDENT DISCIPLINE GUIDELINES

Every student is expected to conform to the regulations of the school, be respectful of and obey promptly all the directions of his/her teacher and others in authority, observe good order and propriety of behavior, be diligent in study, be kind and courteous to peers and refrain from profane and vulgar language. Students will be held accountable for their conduct on the way to and from school, on the playgrounds and during recess and on all school property. [EC 44807, 48908, 5 CCR 300, BP 5144]

A. Substance Abuse

The Board of Education of the Saddleback Valley Unified School District is sincerely dedicated to providing a safe and secure environment for all students. It is also the Board's goal to keep our campuses free of alcohol and drugs and to educate students about the harmful effects of substance abuse. This notice is provided in compliance with the requirements of state and federal law as a part of SVUSD's drug, alcohol, and tobacco prevention programs, and in accordance with state health and safety codes. The unlawful manufacture, distribution, dispensation, possession, or use of illicit drugs, alcohol, or any form of tobacco/nicotine product, vapor product, or e-cigarette product on District or school premises or as a part of any of its activities or events, regardless of location, is wrong, harmful and is strictly prohibited at all times. This includes grounds, public access areas, parking lots, vehicles, etc.

All students will abide by this prohibition as a condition of attendance. Any violations of district or school standards of conduct, rules and regulations or state or federal laws regarding illicit drugs, alcohol and tobacco/nicotine will be investigated. Violators will be subject to prosecution in accordance with local, state and federal law and district disciplinary action, up to and including suspension, expulsion, and/or be required to satisfactorily complete an online intervention class and participate in a school or community intervention program selected by the District in conformance with law. [HSC 104420]

B. Suspension/Expulsion/Substance Abuse

Suspension/expulsion means that a student may not attend any school in the District for a period of time as determined by the Board of Education or its administrative designee(s). A student may be suspended or recommended for expulsion for committing an expellable offense (as described below):

1. While on school premises
2. While at a school-related activity
3. While going to and from school or a school-related activity, including lunch period on or off campus
4. For any violation at any time or place which reasonably relates to and substantially interferes with the normal course of school activities or another student's ability to participate in or benefit from school activities

Any student for whom there is reasonable cause to suspect the possession or use of alcohol, drugs/narcotics, controlled substances, anabolic steroids or non-prescription drugs, or for whom there is reasonable cause to suspect the selling or furnishing of alcohol, drugs/narcotics, controlled substances, (including over the counter medication) or anabolic steroids, or substances represented to be alcohol, drugs/narcotics, controlled substances, anabolic steroids or non-prescription drugs, shall be immediately suspended from school for up to 5 days and all school activities pending the outcome of an investigation. If the allegations are substantiated, the student will be placed on a behavior contract that will prohibit participation in extracurricular activities for a prescribed period of time (with a minimum of 45 schools days) and a possible recommendation for expulsion. Failure to respond to corrective action or repeated violations of drug, alcohol, controlled substance, or dangerous object violations will result in a recommendation for expulsion [EC 48900(b), 48915 (a), 48911, BP 5144.1, AR 5144.1]

C. Other Expellable Offenses

Any student for whom there is reasonable cause to suspect he/she has committed any one of the 22 offenses listed below (including violations associated with gang activity on campus or in any way related to a school activity), may be suspended from school and all school-related activities pending the outcome of a subsequent investigation. If the allegations are substantiated, the student will be placed on a behavior contract that will prohibit participation in extracurricular activities for a minimum of 45 school days, and may be recommended for expulsion. If the student is suspected of committing acts listed as numbers 1-7 below, law enforcement will be contacted as required by law. If progressive consequences fail to bring about proper conduct, or the student presents a danger to the other persons, the student may be recommended for expulsion for any of the offenses listed below:

1. Caused, attempted to cause, or threatened to cause serious physical injury to another person, or willfully used force except in self-defense.
2. Possessed, sold, or otherwise furnished any firearm, knife, explosive devices, or other dangerous object, including replicas, without permission of school officials.

12. Unlawfully possessed, or unlawfully offered, arranged or negotiated to sell any drug paraphernalia.
13. Knowingly received stolen school property or private property.
14. Possessed an imitation firearm. An "imitation firearm" is a replica that is so similar in physical properties as to lead a reasonable person to conclude that the replica is a firearm.

Students who have knowledge of other students who are in possession of a weapon or an object represented to be a weapon or any other dangerous object on school facilities or at a school-related activity shall immediately report this information to a certificated staff member. Failure to do so shall be considered defiance of authority and is subject to appropriate disciplinary action.

To enforce these policies, the District will use its legal authority to search grounds, facilities, and student lockers as necessary and appropriate. The Board of Education has unanimously agreed to place a high priority upon keeping the schools within the District safe for all students, and free from dangerous objects/weapons, drugs alcohol and other chemical substances.

The Board of Education intends to accomplish this goal by enforcing its stated policies and procedures. It is most important that parents, and students fully understand the Board of Education's intent because students who violate this policy are subject to progressive consequences up to and including expulsion from the schools of the District. [EC 35291, EC 48900, BP 5144.1, AR 5144, 5144.1]

D. Expulsion Referral Procedures

When a student fails to respond to corrective action or if the student presents a danger to persons, the following actions occur:

1. The student will be immediately suspended for five days and will be referred by the school principal to an Expulsion Hearing Panel for an expulsion hearing. Under certain circumstances, the suspension may be extended pending the expulsion hearing and subsequent action by the Board of Education.
2. At the sole discretion of the student's individual teachers, tests and assignments, which occur during the period of the suspension, may be made up when the student returns to school after the period of the suspension is over, and/or while the Expulsion Hearing Panel hearing is pending.
3. The student will be immediately suspended from participation in all extracurricular activities on any SVUSD campus pending the Expulsion Hearing decision and action by the Board of Education.
4. The Board of Education has taken the position that any student who sells or in any manner provides drugs, alcohol, or illegal substances; brandishes a knife; commits an act of violence; possesses a firearm; or commits a sexual assault, will receive the fullest possible disciplinary action. [EC 48911, AR 5144.1]

E. Civility Policy

A written copy of the District's section on employee interactions with students in the code of conduct can be found under the Annual Notification to Parents tab on our website. [EC 44050]

F. Parent Responsibility

Parents/guardians are liable for all the damages caused by the willful misconduct of their minor children that result in death or injury to other students, school personnel, or damage to school property. Parents are also liable for any school property loaned to the student and willfully not returned. Parents' or guardians' liability may be as much as \$18,100 in damages and another maximum of \$18,100 for payment of a reward, if any. The school District may withhold the grades, diplomas, or transcripts of the student responsible until such damages are paid or the property returned or until completion of a voluntary work program in lieu of payment of money. If your child commits an obscene act or engages in habitual profanity or vulgarity, disrupts school activities, or otherwise willfully defies the authority of school personnel, and is suspended for such misconduct, you may be required to attend a portion of a school day in your child's classroom. [EC 48900.1, 48904; CC 1714.1; GC 53069.5, AR 5125.2]

G. Release of Student to Peace Officer

If a school official releases your child from school to a peace officer for the purpose of removing him/her from the school premises, the school official shall take immediate steps to notify you or a responsible relative, except when a student has been taken into custody as a victim of suspected child abuse. In those cases, the peace officer will notify the parent or guardian. [EC 48906; PC 11165.6, BP 5145.1, 5145.11, AR 5145.11]

H. Student Search

The school principal or designee may search the person of a student, the student's locker, backpack or purse if there is a reasonable suspicion to believe the student may have a concealed weapon, narcotics, stolen property, or contraband. [U.S. Supreme Court Case: New Jersey v. T.L.O. (1985) 469 U.S. 325; BP 5145.12]

I. Mobile Phones, Electronic Signaling Devices

Districts may regulate the possession or use of any mobile phones or electronic signaling device while students are on campus, while attending school-sponsored activities, or while under the supervision and control of school district employees. [EC 48901.5, BP 5131.8, AR 5131]

J. Student's Dress Code

The Board believes that appropriate dress/grooming contribute to a productive learning environment.

1. Standards: The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard, which would interfere with the educational process. Students and parents/guardians shall be informed about dress and grooming standards at the beginning of the school

year and whenever these standards are revised. A student who violates these standards shall be subject to appropriate disciplinary action. [BP 5132]

2. Gang-Related Apparel: The principal, staff and parents/guardians at a school may establish a reasonable dress code that prohibits students from wearing gang-related apparel that disrupts or threatens to disrupt the school's activities. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.
3. Uniforms: In order to promote student safety and discourage theft, peer rivalry and/or gang activity, the principal, staff, and parents/guardians at a school may establish a reasonable dress code requiring students to wear uniforms. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval. The Board shall approve the plan upon determining that it is necessary to protect the health and safety of the school's students.
4. Students may wear traditional tribal regalia or recognized objects of religious significance as an adornment at school graduation ceremonies. [EC 35183.1]

If a school's plan to require uniforms is adopted, the Superintendent or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from the school uniform policy. Students shall not be penalized academically, otherwise discriminated against or denied attendance to school if their parents/guardians so decide. The Superintendent or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms. [EC 35183, BP 5132]

K. Discipline Guidelines - Extra Curricular Activities

Any student who is suspended for possession or use of alcohol, drugs/narcotics, anabolic steroids or prescription/non-prescription drugs, or for whom there is reasonable cause to suspect the selling or furnishing of alcohol, over the counter medication, or anabolic steroids, or substances represented to be alcohol, drugs/narcotics, anabolic steroids or non-prescription drugs, or in possession of a dangerous object (which may include, but are not limited to, a knife, dirk, dagger, razor blade, or explosive device), will be placed on a behavior contract for 90 days upon their return to campus.

The Board of Education may consider allowing the student to participate in extracurricular activities at the end of 45 school days from the date of the incident. In this case, the student must complete "Terms and Conditions" as specified in the behavior contract. Students in positions of leadership may be suspended from the appointed or elected position during the period that the student is on the District behavior contract. "Terms and Conditions" may include requirements such as: grade point average, improvement, community service, participation in a school or community intervention program, successful completion of an on-line intervention course, research projects or reports, and other activities that are related to individual needs.

Students recommended for expulsion will be placed on a behavior contract that includes a provision prohibiting participation in extracurricular activities for the remainder of the current semester the incident occurred plus the following semester, which will include a provision prohibiting participation in extracurricular activities for up to 180 school days from the date of the incident.

Students should understand that acts, which may not result in suspension or recommendation for expulsion, may still be in violation of a particular school's policy for extracurricular activities, including athletics, and, therefore, the student may still be subject to disciplinary action. [BP 5144.1]

VI. PERSONAL BELIEFS AND CURRICULUM

A. Comprehensive Sexual Health Education

School districts must ensure that all students receive comprehensive sexual health and HIV prevention instruction that is medically accurate and age appropriate. In SVUSD, adequately trained instructors give such instruction in appropriate courses. You have the right to request, in writing, that your child not attend all or part of the instruction in sexual health education and HIV/AIDS prevention. You may request this any time by writing to the school principal. You also have the right to inspect and review the materials used in these classes prior to the start of classes. Parents shall be notified of such instruction as part of the Annual Notification to Parents prior to the start of classes. Under the law, students shall not be subject to disciplinary action, academic penalty, or other sanction if a parent withholds the student from the instruction. Also, during the time of the instruction, an alternative educational activity shall be made available to students whose parents have requested that they not receive instruction. [EC 51933 -51939, 48980, BP 6142.1, AR 6142.1]. Further information can be found under the Annual Notification to Parents tab on our website.

B. Healthy Behavior/Personal Belief Assessments

Schools may administer anonymous assessments relating to students' health behaviors and risks, including tests, questionnaires, and surveys. Parents shall be given prior notice of these assessments, the opportunity to review the assessment instrument, and may withdraw their child from the assessment. In grades seven through twelve, schools may use either a passive consent ("opt-out" policy) for parental consent for assessments or prior written consent. In earlier grades, schools shall use an active consent or "opt-in" policy for parental consent for assessments. [EC 51938]

Unless you give written permission, your child will not be given any test, questionnaire, survey, examination, or marketing material containing questions about your child's, or his/her parents' or guardians' personal beliefs or practices in politics, mental health, anti-social, illegal, self-incriminating, or demeaning behavior, critical appraisals of others close to the family, about legally confidential relationships such as ministers or doctors, income (unless to determine eligibility in a program or for receiving assistance), sex, family life, morality, or religion. Parents may also opt their child out of supplying information to be used for marketing. Parents have the right to review any survey or educational materials related to the survey on any of the above items. The District has developed policies relating to surveys and personal information. [EC 51513, 60614, 60615; PPRA, 20 USC 1232h; AR 5022]

C. Dissection of Animals

If your child chooses not to participate in the dissection of animals, and if the teacher believes that an adequate alternative education project is possible, the teacher may work with the student to develop and agree upon an alternative education project for the purpose of providing your child an alternate avenue for obtaining the information required by the class. The school will need a signed note from you indicating your child's objection. [EC 32255, 48980, AR 5145.8]

D. Religious Beliefs

Whenever any part of health, family life education, or sex education conflicts with the religious beliefs of a parent/guardian, a student may be excused from the part of the training. Parents/guardians must submit a written request to excuse their children from this instruction. [EC 51240]

VII. STUDENT SUPPORT SERVICES/SAFETY ISSUES

A. Drug, Alcohol and Tobacco Prevention Programs

The District's drug, alcohol and tobacco education and prevention programs are designed to address the legal, social and health consequences of drug, alcohol and tobacco use, and to provide students with effective techniques for resisting peer pressure to use illicit drugs, alcohol or tobacco. Information about any drug, alcohol and tobacco counseling, rehabilitation, and re-entry programs available to students may be obtained by contacting the student's school. This information may include programs sponsored or maintained by various community groups or agencies. The District neither supports nor endorses any specific program, agency or firm. The information is provided only to assist parents and students who may desire information regarding the resources available to assist them.

B. New Lung Education & Cessation Classes

In an effort to address the significant rise in vaping use among students, the Saddleback Valley Unified School District is contracting with the Anaheim Regional Medical Center, through its New Lung program, to implement vaping and tobacco education and cessation training with students.

Specifically, students in grades 7-12 who are found to be vaping or consuming nicotine & tobacco based products on campus, are referred to a one-time 60 minute vaping and tobacco education and cessation seminar class. If you are notified that your child has been referred to a cessation class, you will have the opportunity to opt them out if you do not want them to attend. In order to opt your child out of the class, you will need to submit a written request to the school's referring administrator, stating that you do not want them to attend the specific scheduled class. Parents will be notified by an administrator for each referral.

The classes occur one time per month and are hosted at various secondary schools across the District. During this informational class, the cessation specialist reviews the risks and hazards of vaping and tobacco use, the various chemicals that are contained in vapes, e-cigarettes, and vape juices, investigates reasons why students are vaping, and discusses replacement behaviors or different ways students can feel a more "natural high" or stress release, without engaging in the at-risk behavior of vaping or tobacco use. During the class, students are also asked to complete a questionnaire about their history of tobacco or vaping/e-cigarette use. At the end of the seminar, the specialist gives students the opportunity to chart their goals and list what steps need to occur to achieve their goals

pertaining to tobacco or vaping/e-cigarette use. The cessation staff member will also conduct follow-up with students at 30, 90, and 180 days after they go through the class to check on their progress.

For students who receive 2nd offenses for vaping or tobacco related incidents, they are referred to a 4-class series, where they attend four consecutive one-hour classes. Classes are hosted at various secondary schools across the District. During the series, the cessation specialist reviews more in-depth education and strategies for students to implement. You will also have the opportunity to opt out of the four-class series in the same manner as the one class seminar.

C. Student Lunch Program

Applications for free and reduced price meals will be available online through the student registration/data confirmation process. Paper applications will also be available at the Nutrition Center and at each school site office. [EC 49500, 49510, 49520, 48980, BP 3553, AR 3553]

D. Campus Supervision

Staff and/or campus supervisors supervise the school grounds before school opens, during recesses and passing periods and during lunch. Students should not arrive at school earlier than when supervision begins and should go home promptly when dismissed, unless they are participating in school-sponsored activities. Parents should contact their child's school to determine the campus supervision starting and ending times.

E. Security Cameras

The Saddleback Valley Unified School District is committed to providing safe and secure school sites for all of our students and staff. We regularly video record many of our school sites both during the school day and after hours and on weekends. To effectuate the District's goals to ensure the health and safety of all students and staff, and to protect school property, the District has installed digital security camera systems on most of our school sites. The systems do not monitor classrooms or other student and teaching support areas but concentrate on entry and exit areas and other areas of the school sites that are subject to damage, graffiti or the unauthorized entry of persons or groups.

We are working closely with local law enforcement agencies to assist us in managing these cameras and the video feed/images. All cameras are installed in easily seen locations and there are no "hidden" cameras. Only authorized law enforcement personnel have access to the feed/images. Such video feed/images are not contained in an individual student's educational record, and thus are not subject to a request for educational records unless such video/image is the sole basis upon which discipline is issued for that student.

F. Leaving School at Lunch Time

The Governing Board of the Saddleback Valley Unified School District has decided to permit eleventh and twelfth grade students enrolled at El Toro HS, Laguna Hills HS, Mission Viejo HS and Trabuco Hills HS to leave the school grounds during the lunch period. Neither the school District nor any officer or employee thereof shall be liable for the safety of any student during such time as the student left the school grounds. [EC 44808.5, 48980, BP 5112.5, AR 5112.5]

G. Noncurricular-related Clubs

Noncurricular-related clubs or groups are recognized by SVUSD, but not sponsored nor supported by the District. A District employee will monitor student participants while they are on campus; however, that employee will not be involved in any of the group's financial regulations or in its off-campus activities. The District does not have any responsibility for the club or group when students are not on campus. [BP 5133.1, AR 5133.1]

H. Comprehensive School Safety Plan

During the annual review of the School Safety Plans site staff includes clear guidelines on the roles and responsibilities of specified school and community professionals to include strategies creating and maintaining a positive school climate. This plan is submitted to the District office each year by October 1st. The safety plan addresses physical safety, disaster preparedness, bullying issues, school-wide discipline and illness & injury prevention. This plan is shared with faculty. Regularly scheduled drills allow students and staff to practice procedures in the event of an emergency. [EC 32286, 32288]

I. School Accountability Report Card

The annual SARC (School Accountability Report Card) includes school specific information on many topics including: Measures of Progress, Student Achievement, Students, Climate for Learning, Leadership, Teachers & Staff, Resources, School Expenditures and Adequacy of Key Resources. A copy of the annual School Accountability Report Card will be provided by each school upon request and is available on our SVUSD website. [EC 33126, 35256, 35258, 32286, BP 0510, AR 0510]

I. Visitors to Schools

SVUSD encourages guardians to visit during regular school days and all visitors must first register at the school office. To ensure minimum interruption, school visits should be arranged with the teacher. If a conference is desired, an appointment should be set with the teacher for a time before school, after school, or during the teacher's preparation period. A school administrator or office personnel may refuse to register, or revoke registration for any visitor whose presence is judged to disrupt normal school operations, threaten the health and safety of students or staff, or cause property damage. [EC 32212, PC 627.4, BP 1250, AR 1250]

K. School Dances

All school rules, regulations and appropriate behavior is expected at school dances. All attendees may be subject to a random alcohol-screening test given by school administration. In addition, any student or guest exhibiting observable signs of using alcohol or any controlled or illegal substance will be subject to an alcohol-screening test and removed from the dance by school administration. Law enforcement and parents will be notified. *(EC48900(c) & 48900(s) prohibits the use/possession of alcohol, intoxicants and controlled substances at school, on the way home from school, or at any school related activity.)* All Students and their guests may be checked by security for illegal or controlled substances prior to entry of the dance area. Any student or guest who refuses to be checked will be denied entry. No dancing such as freaking, moshing or slamming will be premitted.

L. Management Plan for Asbestos-Containing Material

The District has available upon request a complete and updated management plan for asbestos-containing material. [40 CFR 763.93, AR 3514]

M. Pesticide Use

The District is providing parents the name of all pesticide products expected to be applied at school facilities this school year. That identification includes the name and active ingredients. To access our Integrated Pest Management Plan, you can find the document under the Annual Notification to Parents tab on our website. Parents and guardians may register with the District if they wish to receive notification of pesticide applications at a particular school or facility. Please obtain a "Request for Pesticide Notification" from a school or you can find the document under the Annual Notification to Parents tab on our website. Further information is available from the California Department of Pesticide Regulation, P.O. Box 4015, Sacramento, CA 95812-4015, State of California Pesticide Regulation website. [EC 17611.5, 17612, 48980.3, AR 3514.1]

VIII. INSTRUCTION/STUDENT PROGRESS

The District is committed to equal opportunity for all individuals in education. For more information, please see Non-Discrimination Statements and Compliance Officers on Page 2.

A. District Courses

Annually, the District publishes the High School Registration Guide listing courses offered at each comprehensive high school (in English and in Spanish). The full description of these courses is available in the school's guidance office and on the SVUSD website. Each intermediate school publishes and distributes to families, a description of courses offered at that school. Elementary schools teach from California State Frameworks and curriculum standards available at each site. [EC 49091.14, BP 6000]

E. Regulations Regarding Student Achievement

The Board of Education believes good communication between parents and teachers is important in the educational process. All appropriate forms of communication should be used, and all parties shall use appropriate tone and language in any communication in accordance with the District’s civility policy [BP 1313]. The progress report should reflect student progress in class work and proficiency levels and indicate educational growth in relation to the student’s ability, citizenship and effort. [EC 49067]

When grades are given, the determination of the student's grade by the teacher, in the absence of a clerical/mechanical mistake, fraud, bad faith, or incompetency, shall be final. The superintendent or board shall not order a student's grade to be changed unless the teacher is included in all discussions relating to the changing of the grade. [EC 49066, BP 5121, AR 5121]

F. Students with Disabilities

If you have reason to believe your child has a disability requiring special education services or accommodations, please contact your school who will provide you with the appropriate contact information for Section 504 (Elementary- Principal; Secondary- Counselor) or IDEA (School Psychologist). If you would like more information regarding Section 504 of the Rehabilitation Act of 1973, please visit <https://www.svusd.org/departments/educational-services/student-services/section-504>. If you would like more information regarding the Individuals with Disabilities Education Act, please visit <https://www.svusd.org/departments/educational-services/special-education>. Upon your request, the school will follow Child Find procedures under Section 504 or IDEA as appropriate.

All students with disabilities have a right to participate in appropriate programs of publicly supported education. Each student with a disability is assured a free appropriate public education ("FAPE") (either as defined by Section 504 or the IDEA) appropriate to meet his/her needs in publicly supported programs through completion of secondary education programs for each student found to be eligible under Section 504, consideration will be given to what supports, if any, are necessary outside of general education supports to enable the child to receive an equal opportunity to access the curriculum and activities of the school. Each student found to be eligible under the IDEA shall have his/her educational goals and objectives specified in a written Individualized Education Program. Both Section 504 or IDEA gives students and their parents or guardians certain rights to due process hearings and/or local/state/federal complaint procedures with respect to the identification of, assessment of, placement of, and/or provision of a FAPE to students. For additional information about these programs and rights, or to file a local, state or federal complaint regarding Section 504 or IDEA matters, please contact Student Services at (949) 580-3492 for questions about Section 504 or Special Education at (949) 580-3206 for questions about IDEA or to obtain a copy of the pertinent procedural safeguards or, as applicable, the District's complaint forms/procedures. G. English Learners

SVUSD offers options for students who display Limited English Proficiency based on testing when entering the District. Upon enrollment when a language other than English is noted on the student's Home Language Survey, in accordance with state regulations, our school district is required to assess the English language proficiency of the student within thirty (30) calendar days of initial enrollment. The assessment used to determine **initial** English proficiency is the English Language Proficiency Assessments for California (ELPAC). On the basis of this English language assessment, students are classified as either Initially Fluent English Proficient (I-FEP) or English Learner (EL). This assessment is used to determine appropriate program placement that might include, but not limited to: Structured English Immersion, and Dual-language Immersion. Parents of English Learners are informed regarding the identification method, the level of proficiency of their child, the method of instruction, and requirements for exiting the program. [EC 305[a][2], EC 306[c][3], EC 306[c][1], EC 306[c][2]BP 6174, AR 6174) and [EC 313, 60810, 5 CCR 11510[k], 11511[a], 5 CCR 11307[a], 11511].

At the time of parental notification, all placement options are explained to all parents of ELs. The benefits of each option are included in this explanation, and parents are informed of their right to choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 students or more per school, or the parents or legal guardians of 20 students or more in any grade may request a language acquisition program designed to provide language instruction, shall be required to offer such a program to the extent possible. [20 USC Section 6312[e][3][A][viii][III)]; EC Section 310[a]]

Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. (EC Section 52062) If interested in a different program from those listed above, please contact the District Coordinator of Services for English Learners, to ask about the process. Parents of English learners have a right to decline or opt their children out of the school district's language acquisition program or opt out of particular English learner service(s) within a language acquisition program. [20 USC Section 6312[e][3][A][viii]] However, LEAs remain obligated to provide the student meaningful instruction) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time. [5 California Code of Regulations Section 11302] English Learners in grades K-12 with an

IEP will continue to receive ELD support in conjunction and collaboration with the general education teacher. The Special Education Department and the site will work together with the parent to ensure parental request and educational goals are met.

Regardless of the program option provided, each EL is expected to make progress in English and in grade-level academics. Board Policy [BP 6174] for ELs states: "The Governing Board intends to provide English Learners with challenging curriculum and instruction that develop proficiency in English as rapidly and effectively as possible in order to assist students in accessing the full educational program and achieving the district's academic standards."

Information on the types of language programs are available at the district and a description of each program is detailed in the Language Program Information document which can be found under the Annual Notification to Parents tab on our website. If your child is LEP and has been identified for participation or is participating in the language instruction educational program, please contact the District Coordinator of Services for English Learners, for the above information specific to your child.

H. Career Counseling

High school counselors are trained to help students prepare for college and career planning. Counselors help guide students by providing information about financial aid, college requirements, CTE (Career Technical Education) courses, and careers. This information is provided to students in classrooms and to parents during evening presentations. At other times, counselors in the intermediate schools and high schools are available by appointment to meet with students and their families. All students are provided career counseling and course selection opportunities. [EC 221.5, 51229, BP 6164.2]

I. University of California (UC) and California State University (CSU) Admissions

The requirements for admission to the University of California and California State University systems include a set of approved courses referred to as the "a-g" courses. The intent of the "a-g" courses ensures students can participate fully in the colleges' first-year programs in many fields. They are written for all students expecting to enter the state system, not to prepare for specific majors. The courses assure faculty that students have attained general knowledge that will provide breadth and perspective to new, more advanced study. Fulfillment of the "a-g" pattern demonstrates that students attained critical thinking and study skills. [EC 51229, 48980 (m)]

UC and CSU require a minimum 15-unit pattern of courses for admission as a first-time freshman. Each unit is equal to a year of study in a subject area. A grade of C or higher is required for each course used to meet any subject requirement. To satisfy the UC requirement, at least 7 of the 15 yearlong courses must be taken in the last two years of high school. Eleven "a - g" courses must be completed prior to the beginning of the 12th grade or the last year of secondary school in order for applicants to receive a review of their application. J. Career Technical Education (CTE)

Career Technical Education, also known as CTE, is defined as a program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. CTE is designed to help students develop the academic, career, and technical skills needed to succeed in a knowledge and skills-based economy. CTE courses satisfy the SVUSD graduation requirement of 10 Units of a "Visual and Performing Arts, World Language, American Sign Language or Career Technical Education" within the 165 Units of required courses. In addition, most CTE courses offered through SVUSD and Coastline ROP articulate with a nearby community college and several courses satisfy the subject matter requirements for admission to the University of California and the California State University system (primarily in the "f" Visual and Performing Arts or the "g" College Prep Electives categories). More information can be viewed on the SVUSD CTE website, and at the California Department of Education website. [EC 48980 (m), 51229, BP 6030, 6178, AR 6030, 6178]

K. Advanced Placement (AP)/ International Baccalaureate (IB) Exams

The High School Registration Guide lists all of the AP and IB courses offered at each high school site. Students who are either enrolled or eligible to participate in the Federal Free or Reduced-Price Lunch Program may receive AP Exam and IB exam fee reductions. [EC 48980(k), 52240, AR 6141.5]

L. Student Fees

Section 49011 of the Ed Code and Section 5 of Article IX of the California Constitution, requires educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees. IX. STUDENT RECORDS

A. Student Records

Parents/guardians have the right to review, get copies, and inspect their child's school records within five business days of a written request or oral request or before any meeting regarding an individualized education program or a hearing. Those records are confidential, and privacy will be maintained except in some instances such as when your child transfers to another school. The records include transcripts, discipline letters, commendations, attendance, health, and enrollment data. The registrar or office manager maintains the records at your school site. Help is available to interpret the material, if needed. When more than one child is named in the records, parents may only see material related to their child. If requested, the District will provide a list of types and locations where materials are held. There is a log of who has viewed the records that is kept at the same location as the records. Education records may be disclosed to school officials as well as certain state and local officials and in specific circumstances pursuant to EC 49076 without written consent. District administrative regulation Board Policy 5125 sets forth the criteria by which school officials and employees can look at the files and what constitutes a legitimate educational interest. Files may be reviewed to identify students eligible for public school choice or supplemental educational services. Parents may have copies made of their child's records for twenty-five cents (25¢) per page. If you cannot afford the cost of copies they will be provided free of charge. For student records maintained at the District office, call the Custodian of Records at 949-580-3212. [EC 49062, 49063, 49065, BP 5125, AR 5125]

Parents/Guardians also have the right to file a written request with the superintendent challenging the records. Parents/Guardians can challenge how your request was handled with the District or with United States Department of Education if you think there is an inaccuracy, unsubstantiated conclusion or inference, a conclusion outside the observer's expertise, comment not based on personal observation with time and date noted, misleading information, and violation of privacy rights. You will get to meet with the superintendent or designee within 30 days. If your challenge is sustained, the changes will be made. If not, you can appeal to the school board, which has final authority. If you still have a different view, your view can be included in the student's record. [EC 49060, 49070, 56504; FERPA; 34 CFR Part 99, USC §1232g, AR 5125.3]

If a student transfers from one public or private school to another public or private school within the state, the student's permanent record (or copy) shall be transferred no later than 10 schooldays following the date the request is received. [EC 49068]

B. Special Education Records (Additional Information)

A parent/guardian shall have the right to examine records or receive a copy of their student's educational records upon request within five business days.

All requests for a copy of Special Education student records shall be to the **Custodian of Special Education** student **Records** (District Director of Special Education). If the Custodian of Special Education student Records is unavailable, a designee shall have the authority to receive the written or verbal request and copy and release the records. If a request is made verbally, it shall be documented on the day it is received by Custodian of Special Education Student Records or his/her designee. All records requested will be copied and made available for pick up within five (5) business days of the receipt of the written/verbal request. All requests for Special Education Student Records will be documented and date stamped and logged in on a spreadsheet by the Secretary to the Custodian of Special Education Student Records who will also record the date the records were picked up or sent and any problems that were encountered. Should any problems surface, the Director of Special Education will address them immediately. Requests for Special Education Student Records can also be addressed to the Custodian of Special Education Student Records via FAX at 949-454-1711.

All requests for copies of Special Education Student Records will be responded to within five (5) business days of receipt. The five (5) business day rule for copying these records will begin when that letter is opened/fax or email is received and the request for Special Education Student Records is made known. During periods when administrative offices are closed, all requests will be complied with by the Custodian of Special Education Student Records upon receipt. [EC 56043(n)]

Prior to destroying Special Education student records a parent will be notified that personally identifiable information is no longer needed. Parents have the option of requesting access to student records prior to destruction. [34 CFR 300.624, 5 CCR 16026, 5 CCR 16027] This shall serve as notice that special education hard-copy records are generally only maintained for a three-year. For those who have graduated/received a certificate of completion/ or discontinued, records are destroyed three years after date of scheduled graduation/completion. If students transfer to another district, SVUSD forwards special education records to the new school and does not maintain copies. Electronic data-base records may be kept beyond this time period. At the end of the 2020-2021 school year, all special education records with graduation/completion date prior to 2018 will be destroyed.

C. Release of Directory Information

Directory information may include a student's name, address, phone, e-mail, birthdate, major field, participation in official activities and sports, weight/height of members of athletic teams, attendance dates, degrees/awards received, and the recent previous public or private school attended by the student; not pictures. The law allows schools to release "directory information" to certain persons or organizations without written consent including companies that manufacture class rings or publish yearbooks, honor roll or other recognition lists, graduation programs and sports activity sheets. No directory information regarding your child may be released if you notify the District that the information shall not be released. Please submit a written notice to the Principal of your child's school if you wish to deny access to directory information concerning your child. Release of directory information of a homeless child or youth is prohibited unless a parent or eligible student has given written consent that such information may be released. With parent permission on the Registration Form, directory information may be released to: PTA, PTSA, PTO; press, television, Internet, and other news media; Orange County Registrar of Voters; official employment or recruitment representatives of private industry; federal and state legislators; federal, state and local government agencies; military forces of the United States; and colleges and scholarship organizations for application and scholarship requirements (including a transcript with grades, GPA, class rank and test scores). [EC 49061(c), 49063, 49073; FERPA; 20USC 7908; BP 5125.1, AR 5125.1]

X. HEALTH SERVICES

A. First Grade Physical Exam

State law requires that for each child enrolling in the first grade, the parent must present a "Report of Health Examination for School Entry" (form PM171 A), signed by a licensed physician or nurse practitioner, verifying that the child has received a physical examination within the last 18 months (but no later than 90 days after beginning

attendance). Parents can obtain the required form from the school district or their child's school. Parents are encouraged to have their child's physical exam done any time after March of the year their child will begin kindergarten to meet this requirement. If the student does not receive this exam, parents must file a "Waiver of Health Examination for School Entry" (form PM171 B) with the school district stating the reasons they are unable to obtain such services. Parents can obtain the required form from the school district or their child's school. Parents should understand that their child may be sent home if they fail to provide the "Health Exam" (PM 171 A) or "Waiver" (PM171 B), or if the student is suspected to be suffering from a contagious disease. Parents may find it convenient to have their child immunized at the same time that the physical examination is conducted. [EC 49450, 49451; HSC 124085, 124100, 124105, 120475, 5CCR 432, AR 5141.32]

These services may be available to families at no cost through the Child Health and Disability Prevention Program (CHDP). For information, parents may contact:

B. K-12 Immunization Guidelines

Starting on July 1st, 2019, students were required to meet new immunization requirements. A student may not be admitted to school unless he/she has been immunized against Diphtheria, Pertussis (whooping cough), Tetanus, Poliomyelitis, Measles, Mumps, Rubella, Varicella (chickenpox) and Hepatitis B.

Students entering Transitional Kindergarten or Kindergarten are required to have three doses of Hepatitis B vaccine, four doses of Polio, five does of Dtap, two doses of Varicella, and a second dose of measles-containing vaccine. These requirements also apply to new admissions and transfers for all grades.

Before entering the 7th grade, students are required to have a second dose of Varicella and a Tdap booster (Tetanus, reduced diphtheria and pertussis). The Tdap, DTap, or DTP vaccine given on or after their 7th birthday will meet the requirement for Tdap. In addition, the TK-12 immunization requirements apply to 7th graders who are new admissions or previously had a valid personal beliefs exception filed before 2016 upon entry between TK/Kindergarten and 6th grade.

The required immunizations are available from the Orange County Health Care Agency or a licensed physician. Documented proof of immunization is required upon admission. Children who lack one or more required vaccine doses that are not currently due may be admitted on condition that they receive the remaining doses when due (Title 17, Section 6035).

The above requirements do not apply if the student has a medical exemption and a licensed physician writes a letter indicating the immunizations are contraindicated. Schools may continue to accept personal belief exemptions on file at a public/private school prior to January 1, 2016, and unconditionally admit a student until the student enrolls in the next grade span, as specified. After July 1, 2016, schools may not unconditionally admit or advance a student on the basis of a personal beliefs exemption. [HSC 120335]

If an outbreak of a communicable disease occurs at a school, any non-immunized student may be excluded for his/her own safety until such a time as directed by health officials or district administration. [HSC 120335, 120365, 120370, 120375, 120440; EC 49403, 48216, 48980, BP 5141.31, AR 5141.31]

For more information on on school immunization requirements, visit www.shotsforschool.org.

C. Oral Health Screenings

California law, Education Code Section 49452.8, encourages parents or guardians to have their child's oral health assessed by May 31 of the student's first public school year (kindergarten or first grade), however this screening is not required for school entry. Assessments within the 12 months before the child enters school also meet this recommendation. The assessment must be done by a licensed dentist or licensed or registered dental health professional.

2. Parent and physician both sign the release statement on the form.
3. A copy of the “OCDE Parent/Guardian and Authorized Health Care Provider Request for Medication (rev 11/15/12) is available from the school District. [EC 49423 and 49480]

Children 10 years of age and older may carry and self-administer inhaled asthma medication and/or auto-injectable epinephrine only if the rules in items one through four above are met, and the physician has initialed the statement stating that the student has been instructed in, and demonstrates understanding of the proper usage of the epi-pen or asthma inhaler. This does not apply to any other medication. [EC 49423, 49480, BP 5141.21, AR 5141.21]

Students when outdoors can wear sun protective clothing, including, but not limited to hats. Students may also apply sunscreen during the day without a doctor’s note or prescription. [E.C. 35183.5, 35291]

If parents want their child to be exempt from physical screenings at school, they must file a written statement with the school refusing such a screening. However, when there is a good reason to believe that a child is suffering from a recognized contagious or infectious disease, he/she may be sent home and shall not be permitted to return to school until the contagious or infectious disease does not exist. [EC 49451, 48980; BP 5141.3, AR 5141.3].

In addition Vision and Hearing Screening are also conducted. Students’ vision and hearing will be screened by an authorized person if they are enrolled in Transitional Kindergarten, Kindergarten, 2nd grade, 5th grade, 8th grade, or a high school student new to the District. Students who are referred by a parent or teacher, may also be screened. If the parent does not wish for their student to be screened, parents must present a certificate from a physician or optometrist verifying screening or a written denial of consent to the school prior to testing. [EC 49455, 49452, BP 5141.3, AR 5141.3]

K. Medical Insurance for Students

SVUSD **does not** provide insurance on individual students and **does not assume** responsibility for these costs. However, as a service to you and your student, California Education Code 49472 allows school districts to distribute printed material concerning students' insurance programs offering you access to a low cost, parent-purchase student accident/health insurance program. The programs are arranged and administered by Myers-Stevens & Toohey & Co., Inc. a firm that has specialized in such coverage for 40 years. These insurance programs are voluntary, but may meet particular needs of many families, especially those families with no insurance coverage. Although you may already have medical insurance for your family, purchase of this additional coverage will assist you by paying deductibles and balances left after your primary carrier has paid. This insurance provides coverage for your child while on school grounds or in school buildings during the time your student is required to be there because of attendance during a regular school day or while being transported by the District to and from school or other places of instruction. Enrolling your student in this low-cost insurance will ease your concerns in the future should an injury occur. Volunteer Student Accident Insurance brochures from Myers-Stevens & Toohey & Co., Inc. are included in, the Data Confirmation process, are available from the school office manager, and from the Myers-Stevens & Toohey & Co., Inc. website: www.myers-stevens.com. [EC 32221.5, 49472, BP 5143] SVUSD strongly advises families to consider purchasing this inexpensive insurance coverage for their children.

L. Student Athletes

SVUSD does not provide medical insurance or make available hospital services for students who are injured while participating in athletic activities. However, SVUSD requires its athletes to be covered by accidental injury insurance. Brochures for the Volunteer Athletic Student Accident Insurance may be obtained from all the high school athletic secretaries or on the Meyers-Stevens & Toohey & Col, Inc. website, www.myers-stevens.com.

As per Ed. Code, if an athlete is suspected of sustaining a concussion or head injury during an activity, the student must be immediately removed for the remainder of the day and may not return until he/she is evaluated by and receives written clearance from a licensed health care provider and completes a graduated return-to-play protocol of no less than seven (7) days in duration under the supervision of a licensed health care provider. SVUSD will annually provide a concussion and head injury information sheet to be signed and returned by the athlete and guardian before initiating practice or competition. [EC 49471, 49475]

M. Medi-Cal Services

Applications for free or low cost medical services based on family income may be found on the California.gov website at <https://www.dhcs.ca.gov/services/medi-cal/Pages/ApplyforMedi-Cal.aspx>. Families that qualify for Medi-Cal services may also be eligible for free or reduced student lunches. See "Student Lunch Program" in this booklet. [EC 49472]

1. G Suite for Education (formerly Google Apps for Education)

- a. Saddleback Valley Unified School District (SVUSD) provides students access to G Suite for Education. G Suite includes web-based programs providing word processing, spreadsheet, presentation, calendaring, research, and collaboration tools for all SVUSD students and teachers. The effective use of these tools will help prepare and engage our 21st-century learners. We believe that the tools provided by the G Suite neatly align with international standards for technology integration as well as with our own Board of Education policies. While a full suite of tools will be available for all SVUSD schools, each teacher will determine which specific ones are most appropriate for their individual educational setting. Access to G Suite is login/password protected and internally monitored for suspicious activity.

G Suite runs on an Internet domain (mysaddleback.org) owned by Saddleback Valley Unified School District and is intended for educational use only. As a cloud-based collection, G Suite will be available at school and at home via the web, and students can only gain access with their set monitored login and password.

Even though a strict content filter will be in place while students are in school, there is always a chance students could be exposed to inappropriate content. School staff will monitor students' use of Suite when home. Students are responsible for their own behavior at all times and their strict adherence to SVUSD's students are at school. XII. COMPLAINTS

The District is committed to equal opportunity for all individuals in education. For more information, please see Non-Discrimination Statements and Compliance Officers on Page 2.

A. Uniform Complaint Procedures

The Saddleback Valley Unified School District has the primary responsibility to insure compliance with applicable state and federal laws and regulations and has established procedures to address allegations of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), and complaints alleging violation of state or federal laws governing educational programs.

The Saddleback Valley Unified School District shall investigate and seek to resolve complaints using policies and procedures known as the Uniform Complaint Procedures (UCP) adopted by our local board. Any complaint alleging the occurrence of unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) against any student, employee, or other person, based on the person's actual or perceived characteristics of race or ethnicity, color, ancestry, nationality, national origin, ethnic group identification, age, religion, marital, pregnancy, or parental status, physical or mental disability, sex, sexual orientation, gender, gender identity, gender expression, or genetic information, or any other characteristic identified in EC 200 or 220, GC 11135, or PC 422.55, or based on a person's association with a person or group with one or more of these actual or perceived characteristics. This includes complaints alleging sexual harassment of a student by another student, an employee or third party, as well as complaints alleging sexual harassment that occurs off campus but has a continuing effect on campus.

The UCP shall be used to investigate and resolve complaints alleging district violation of applicable state or federal law or regulations governing adult education programs, after school education and safety programs, migrant education, career technical and technical education and training programs, child care and development programs, child nutrition programs, special education programs, consolidated categorical aid programs, and any other district-implemented program which is listed in Education Code 64000(a) (5 CCR 4610)

Complaints must be filed in writing with the following compliance officer:

Assistant Superintendent, Human Resources and Fiscal Services
 Saddleback Valley Unified School District
 25631 Peter A. Hartman Way, Mission Viejo, CA 92691
 Phone: (949) 580-3217, Fax: (949) 586-4378
 Email: HUMAN.RESOURCES@SVUSD.ORG

Complaints alleging retaliation or unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) must be filed within six (6) months from the date the alleged discrimination, harassment, intimidation, or bullying, occurred or the date the complainant first obtained knowledge of the facts of the alleged unlawful discrimination. The time for filing may be extended for up to 90 days by the Superintendent or designee for good cause upon written request by the complainant setting forth the reasons for the extension. [5CCR 4630].

Regardless of whether a complainant complies with timeline requirements, all complaints alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying) shall be investigated and prompt action taken to stop the discrimination, prevent recurrences, and address any continuing effect on students.

Complaints will be investigated and a written final decision or report will be sent to the complainant within sixty (60) calendar days from the receipt of the complaint unless the complainant agrees in writing to an extension of the timeline. Within thirty (30) calendar days of receiving the complaint, the compliance officer shall prepare and send a written report. If the complainant is dissatisfied with the compliance officer's decision, he/she may, within five (5) business days, file his/her complaint in writing with the Board. The Board may consider the matter at its next regular Board meeting or at a special Board meeting convened in order to meet the 60-day time limit. If the Board hears the complaint, the compliance officer shall send the Board's decision to the complainant within 60 calendar days of the District's initial receipt of the complaint. In resolving any complaint alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), the respondent also shall be sent, within the same timeframes as the complainant, the District's decision and, in the same manner as the complainant, may file a complaint with the Board if dissatisfied with the decision.

The complainant has a right to appeal the District's final written decision to the California Department of Education (CDE) by filing a written appeal within 15 calendar days of receiving the District's Decision. The appeal must include a copy of the complaint filed with the District and a copy of the District's Decision.

Civil law remedies may be available under state or federal law alleging unlawful discrimination (such as discriminatory harassment, intimidation, or bullying), if applicable. In appropriate cases, an appeal may be filed pursuant to Education Code Section 262.3. A complainant may pursue available civil law remedies outside of the District's complaint procedures, including seeking assistance from mediation centers or public/private interest attorneys, 60 calendar days after the filing of an appeal with the CDE. Complaints alleging discrimination based on race, color, national origin, sex, gender, disability, or age may also be filed with the U.S. Department of Education, Office for Civil Rights within 180 days of the alleged discrimination.

A copy of the Saddleback Valley Unified School District's UCP policy and complaint procedures shall be available free of charge and are available online from the Complaint section of our District website. B. Williams Uniform Complaint Procedures

Parents should use the District's Williams Uniform Complaint Procedures to identify and resolve any deficiencies regarding textbooks and instructional materials, facility cleanliness and safety, emergency or urgent facility conditions that pose a health or safety threat to students or staff, teacher vacancy or misassignments and services pursuant to Education code Section 35186 as follows:

1. There should be sufficient textbooks and instructional materials. That means each student, including English learners, must have a textbook or instructional material, or both, to use in class and to take home.
2. School facilities must be clean, safe, and maintained in good repair.
3. There should be no teacher vacancies or misassignments. There should be a teacher assigned to each class and not a series of substitutes or other temporary teachers. The teacher should have the proper credential to teach the class, including the certification required to teach English learners, if present.
 - a. Misassignment means the placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.
 - b. Teacher vacancy means a position to which a single designated certificated employee has not been assigned at the beginning of the year for an entire year or, if the position is for a one-semester course, a position to which a single designated certificated employee has not been assigned at the beginning of a semester for an entire semester.

To file a complaint regarding any of the above matters, a Williams Uniform Complaint Form can be obtained in the school office or at the Saddleback Valley Unified School District Office 25631 Peter A. Hartman Way, Mission Viejo, California, or can be downloaded from the Complaint section of our District website. [EC 37254, 48985]
