

MULTIMEDIA COMMUNICATIONS DESIGN

MISSION VIEJO HIGH SCHOOL

COURSE DESCRIPTION

This course will enable students to develop a broad perspective of art, design, and communication theory including processes, tools, applications, and career opportunities in multimedia design.

COURSE HIGHLIGHTS

Apply design elements and principles to projects ranging from print media publications, digital presentations, and website design.

Be empowered to use technology tools to incorporate text, graphics, sound, animations, and video into your work.

This course articulates with Coastline College & meets the

F

requirements for admission to UC and CSU
