

Walking Tips

Pedestrians have the right-of-way at:

- Any marked crosswalks, whether they are at the corner or mid-block
- Street corners, even without a painted crosswalk
- “Walk” symbols at traffic signals

Be safe.

- Make eye contact with drivers and don’t cross in front of drivers who aren’t looking, even if you have the right-of-way.
- Always stop at the edge of the street before crossing.
- Look in all directions for any moving vehicles before walking into the street.
- Do not walk between parked cars on the street.
- Always listen to crossing guards, police officers, or school officials when given direction to cross a street.

Get your neighborhood walking.

- Walking with others improves your safety. The more pedestrians who are visible, the safer your streets become.
- Walk with your family, friends, neighbors or pets.

Too far from school? Walk part of the way.

- Join a carpool and walk with your child to the carpool pickup point.
- Park further away from school and walk with your child from there.
- Use the school’s alternate drop-off points.
- Participate in walk to school events.

Walking Benefits

- Exercise is good for the body AND brain! An active start to the day improves concentration, creativity and problem-solving abilities – for kids and adults.
- Avoid the congestion of the drop off/pickup area and enjoy time walking with your children.

Bicycle Tips

Know the rules of the road.

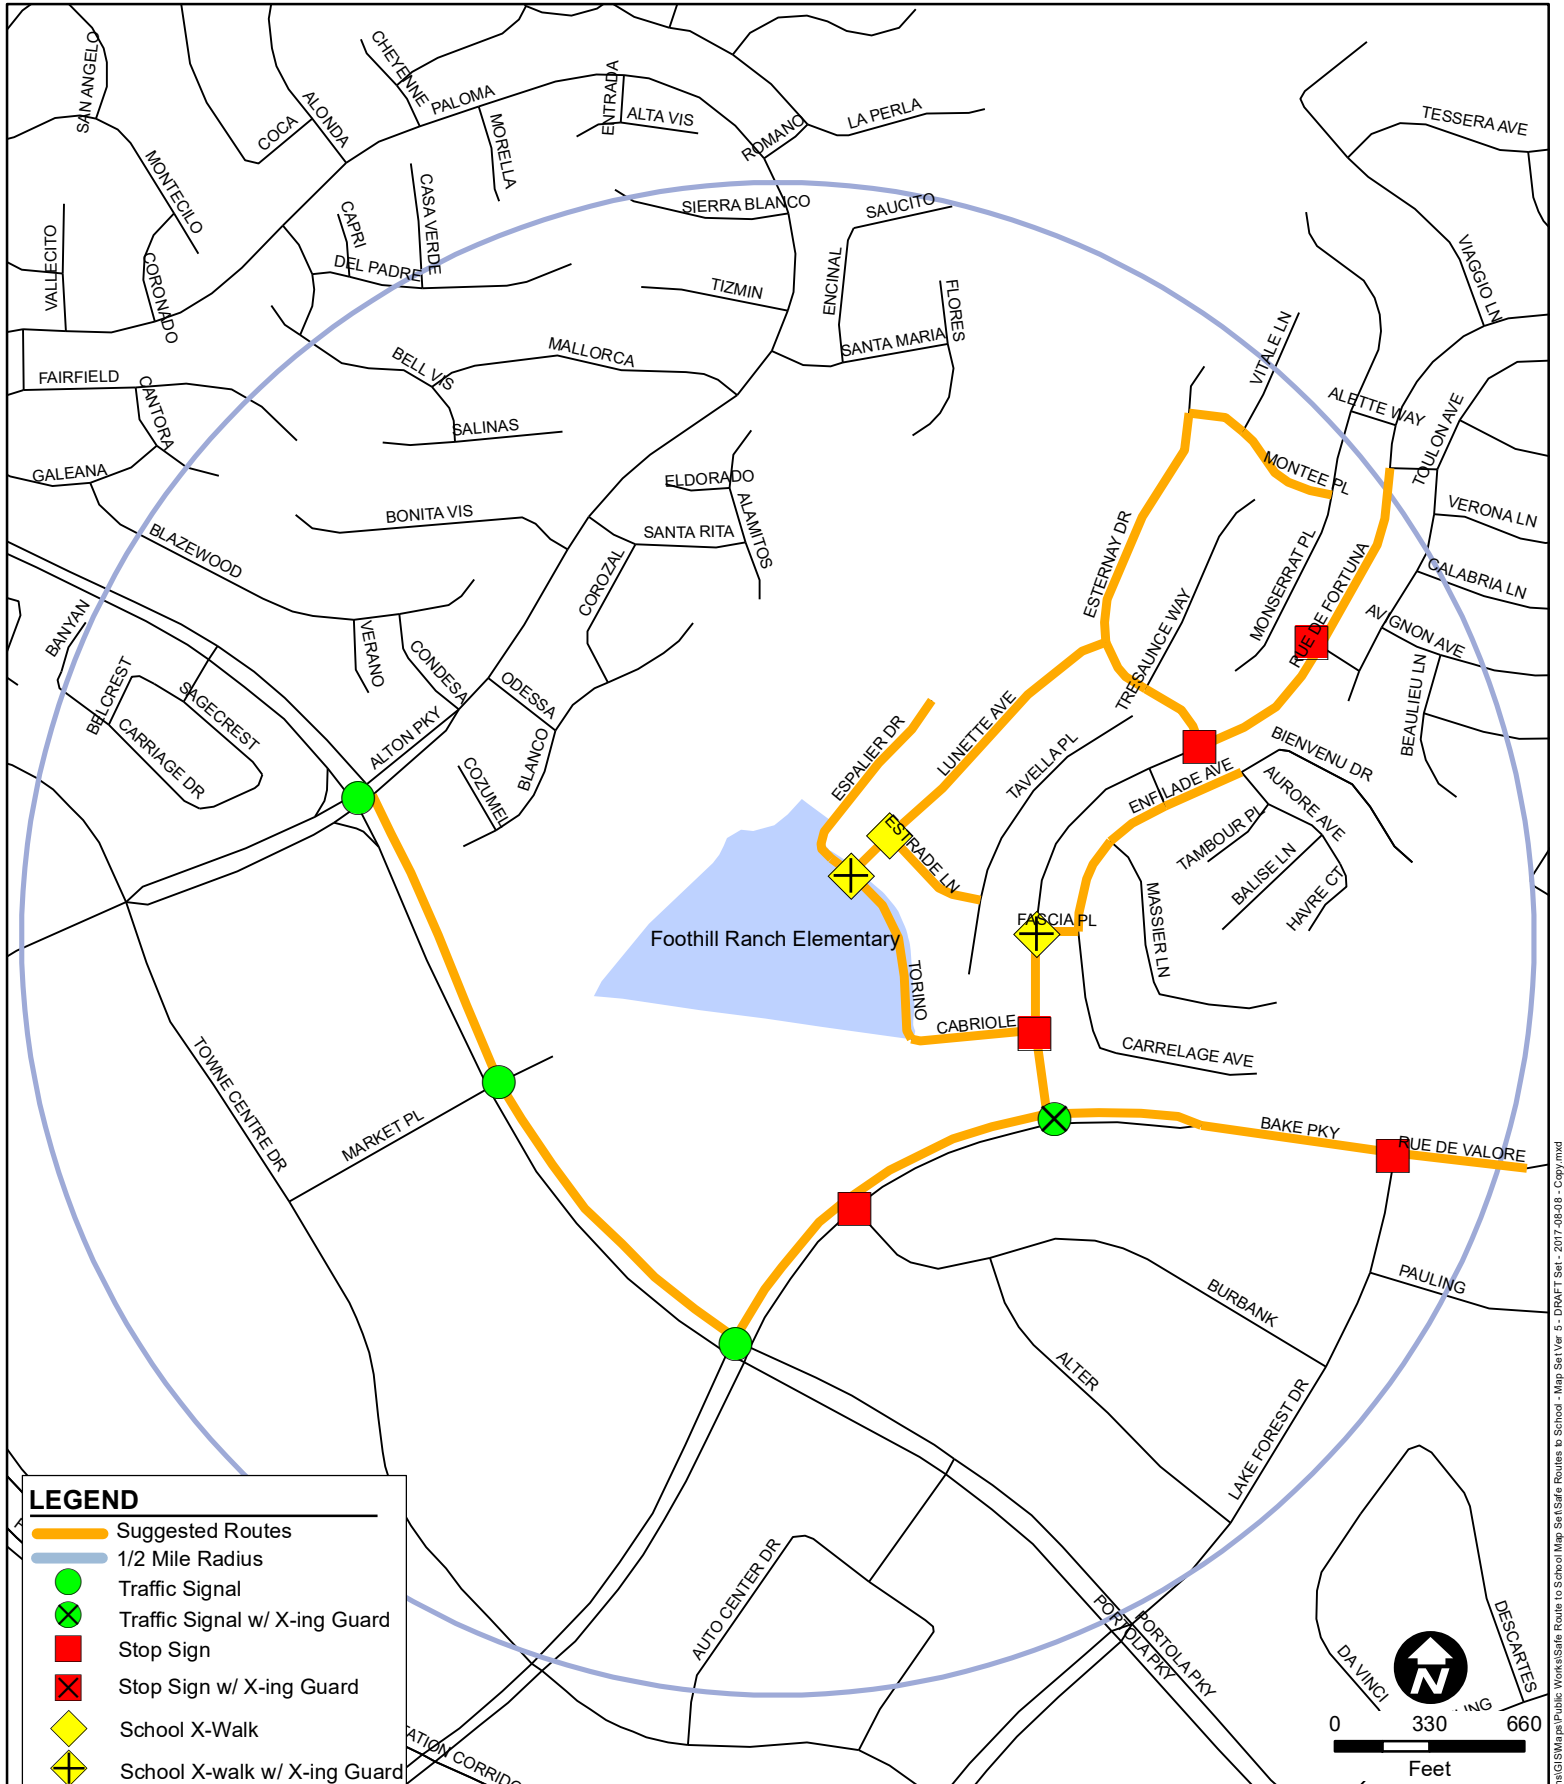

- Bicyclists must obey traffic signals and stop signs, just like drivers.
- Bicyclists under 18 must wear a helmet.
- Bicyclists must ride in the same direction as vehicle traffic.

Be visible, be predictable, be alert.

- Anticipate driver actions and make eye contact with drivers.
- Use hand signals to communicate your intentions and look behind you when making turns.
- Ride where drivers can see you.
- Ride with other cyclists or adults to make you more visible to motorists.
- Make sure that your bike has reflectors on the front, back, and wheels so you are visible from all directions.
- Wear bright clothing when riding.
- Use extra caution when riding by driveways.
