Dear Parent or Guardian,

The Healthy Schools Act of 2000 was signed into law in September 2000 and requires that all schools provide parents or guardians of students with the annual written notification of exposed pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address <http://www.cdpr.ca.gov> for further information on pesticides and their alternatives.

Parents or guardians may request prior notification of individual pesticide applications at the school site. Beginning in September, people listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below and mail it to your school site.

If you have any questions, please contact your school Principal.

REQUEST FOR INDIVIDUAL PESTICIDE APPLICATION NOTIFICATION

I understand that, upon request, the school district is required to supply information about individual pesticide application at least 72 hours before application. I would like to be notified before each pesticide application at this school.

I would prefer to be contacted by (circle one): U.S. Mail E-Mail Phone

Please print neatly:

Name of Student: _____

Name of Parent/Guardian: _____

Date: _____

Address: _____
