

DISTRICT COORDINATOR, INSTRUCTIONAL TECHNOLOGY**DEFINITION:**

Under direction of the Chief Technology Officer, Technology Services, to plan, develop, and coordinate all programs relating to K-12 technology.

ESSENTIAL DUTIES AND RESPONSIBILITIES:

- Assist in the planning, development, and coordination of the District's educational technology program.
- Serve as leader of the integration of technology into the instructional program.
- Assist Chief Technology Officer in implementing District-wide instructional goals by recommending appropriate technology solutions.
- Act as a K-12 resource person advising schools on software and hardware purchases and make recommendations. In conjunction with Chief Technology Officer, evaluate hardware and software.
- Meet with and advise the elementary and secondary leadership organizations on all technology matters.
- Provide leadership in the design and implementation of site-based technology plans and retrofitting activities, ensuring alignment with the District Technology Plan.
- Assist in the planning and development of the District web page and web resources, providing guidance and support to sites and departments in creating and maintaining a web page.
- Provide leadership District-wide for the identification, implementation, support and access of software and hardware.
- Analyze trends in data to identify educational program needs.
- Deliver technology presentations to groups. Conduct and/or coordinate District-wide training for all staff on the use of technology, including instructional and management systems.
- Prepare and monitor the budget for technology staff development and educational technology grants.
- Attend County Coordinator meetings and serve as liaison for the District.
- Evaluate the work and performance of assigned staff. Supervise all site Technology Coordinators.
- Assist in all District initiatives relative to technology.
- Create an environment to support the positive application of technology.
- Perform other related duties as assigned.
