VACATION: Employees on this salary schedule shall receive 22 days earned vacation per year.

DOCTORAL CREDIT: Employees on this salary schedule having an earned Doctorate from an accredited institution shall receive an additional \$5,269.

PROFESSIONAL GROWTH: Confidential employees will receive \$15.29/month increment upon the accumulation of one (1) point/unit to a maximum of 75 units. Quarter units will be covered on a 2/3 basis.

LONGEVITY PAY: Longevity pay shall consist of an additional 9% of salary after completing 15 years of verified and acceptable experience in education (service must be full-time for 75% or more of each year). A regular classified employee promoted into a classification included in this salary schedule shall retain his/her longevity pay from the regular classified longevity program (not subject to increase) not to exceed 9% of the new salary, until he/she becomes eligible for the 9% longevity program.

*The 9% longevity increment provided above is applied to this position without the requirement for completing 15 years of service. Therefore, this position shall not also be eligible for the longevity pay described above upon completion of 15 years of service.

Longevity pay for Confidential and Technical employees shall consist of either an additional 9% of base salary after completing 15 years of experience in education of \$54.75/month, whichever is greater. The \$54.75/month plan begins with the 8th year of service in the District, or 6th year of service if hired by the District prior to 07/01/1988. The \$54.75/month plan will cap after the 24th year of service. For Confidential employees hired prior to 07/01/2011 only, secretarial experience outside of education or outside the District may be counted toward longevity at the discretion of the Superintendent.

NOTE: Your final monthly pay, after longevity is added, may fluctuate by several cents due to rounding in the OCDE payroll system.

NOTE: Employees on this salary schedule are exempt from overtime.
