Site Description

Robinson Elementary School is located in the community of Trabuco Canyon, educating students from kindergarten through 6th grade. Robinson Elementary opened its doors in 1994.

The school's vision is to provide the highest quality educational experiences to enable all students to become contributing members of society. Students are empowered with the technical skills to succeed in our evolving world, the ability to think and express themselves clearly, and the values necessary to be responsible citizens.

The Robinson school community is one of inclusiveness, respect, tolerance, and learning every day.

The students routinely score at or above district and state measurements. They believe this is due to a combination of best first instructional strategies, strong community support, and teaching children that learning and expanding your mind is really fun.
