Santiago Elementary is built upon the belief of passionately developing intelligent, creative, and kind young adults in an environment that is socially, economically, and racially diverse to deliver unparalleled preparation for higher education. There is an innate commitment to lifelong artistic and scholarly development. Santiago's vision places an emphasis on rigor, increasing expectations, providing the needed supports, and creating opportunities for students to demonstrate their learning.

College and Career Awareness is an exciting endeavor at Santiago. They are a certified AVID (Advancement Via Individual Determination) school. Santiago has also developed a Career Day where members of the community come together to share their love of their careers. Last year, there were over 45 presentations! Lastly, they have developed Field Trip Tours to high schools, community colleges, and state and private universities within southern California.
