To Whom It May Concern:

It is with great pleasure that I recommend Rebecca Woode for the position of Community Advisory Committee. I have known Rebecca since July 2018 in her capacity as a Behavior Analyst Clinical Supervisor at ABEDI, Inc. During this time, I have come to know Rebecca as extremely capable, bright, and hardworking, as well as an incredible team member and leader.

Rebecca quickly became an integral member of the ABEDI team, as her knowledge and passion were evident. Her skills in the area of behavior management are exceptional and cannot be understated. With Rebecca's background as a Classroom Support Specialist in the school setting as well as her extensive experience in the home and community settings, she has a strong understanding of the importance of the continuity of care and collaboration with service providers and natural supports of the students she serves in order to best meet their needs. Rebecca is incredibly skilled at engaging and educating the staff and the families she works with. She demonstrates the unique ability to maintain high expectations as well as create engaging interactions, all while continually teaching and motivating. Staff and families who work with Rebecca have nothing but the most supportive and positive feedback and praise for her leadership and supervision.

Rebecca is an exemplary Behavior Analyst and an even better human being. She goes above and beyond in all that she does and her dedication results in others looking to her for leadership.

In conclusion, I can recommend Mrs. Rebecca Woode to join the CAC as a community agency representative without hesitation. I would be happy to speak with you further about my recommendation of Rebecca Woode.

Sincerely,
