INTER-DISTRICT ATTENDANCE

The Governing Board recognizes that students who reside in one district may choose to attend school in another district and that such choices are made for a variety of reasons.

The Board desires to communicate with parents/guardians and students regarding the educational programs and services that are available in the district.

Interdistrict Attendance Agreements

The Board may enter into an agreement with any other school district, for a term not to exceed five years, for the interdistrict attendance of students who are residents of other districts. (Education Code 46600)

The agreement shall specify the terms and conditions under which interdistrict attendance shall be permitted or denied.

The Superintendent or designee may deny applications for interdistrict transfers because of overcrowding within district schools or limited district resources.

A child of an active military duty parent/guardian shall not be prohibited from transferring out of the district to a school district of choice, if the other school district approves the application for transfer. (Education Code 48301).

Transportation

The district shall not provide transportation beyond any school attendance area unless required by law.

Upon parent/guardian request, the district shall provide transportation assistance to a student receiving an interdistrict transfer who is eligible for free and reduced-price meals and is the child of an active duty military parent/guardian or a victim of bullying, as defined in Education Code 46600. (Education Code 46600)

In addition, upon request of a student's parent/guardian, the Superintendent or designee may authorize transportation for any interdistrict transfer student to and from designated bus stops within the attendance area of the school that the student attends if space is available.
