SVUSD Dashboard Update

Hello SVUSD Community,

The [SVUSD COVID-19 Dashboard](#) has been updated with accurate reports of positive cases amongst staff and students at each SVUSD school site. We know how important this information is to our community.

The Dashboard, as well as other related COVID information for SVUSD, can now be accessed on our [SVUSD Website](#) via **two paths**:

1. Click the “Resources” button near the top of the Home Page and scroll down to “COVID-19 Information”
2. Click the Red Bell icon on the left hand side of the Home Page and a banner will appear with a button for “COVID-19 Information”

Sincerely,

Wendie Hauschild
Director, Communications and Administrative Services
Saddleback Valley Unified School District
