

SVUSD Website Outage January 7, 2022

Hello SVUSD Community,

SVUSD's website host and provider, Finalsite, is currently experiencing an outage due to disruption of certain computer systems on its network which is impacting thousands of schools worldwide. They have been working to identify the issue and secure their systems which included proactively taking certain systems offline.

Websites are beginning to return online as Finalsite works to restore full functionality to their systems as quickly and safely as possible. We will keep you updated as to the progress and let you know when SVUSD's website has been fully restored.

We understand the importance of SVUSD's website for sharing critical information, and Finalsite has dedicated all resources on resolving the issue. We appreciate your patience and understanding and sincerely apologize for any inconvenience.

In the meantime, should you need time-sensitive information, please contact your child's school. Student-specific information is available to you by logging into the [Aeries Family Portal](#). Should you be seeking COVID Resources or the SVUSD COVID Dashboard, please visit [SVUSD COVID Resources](#).

Thank you for your patience and understanding.

Sincerely,
Wendie Hauschild
Director, SVUSD Communications and Administrative Services
